WELCOME TO JEFFERSON PARISH *Parks & Recreation*

You found me!

Thank you for grabbing the latest edition of our Recreation Magazine. You might have spotted me filming our "Where in the Rec is Mario Bazile" TikTok series, where we've been showcasing and exploring various programs and facilities in Jefferson Parish.

I'm thrilled and honored to continue leading the Jefferson Parks & Recreation Department into the upcoming year. We firmly believe that our parks serve as a gathering place where people of all ages and abilities can come together and have a great time. Whether you're a child, a teenager, or an adult, there's something enjoyable awaiting you within JPRD. From playground sports to classes, scenic walking trails, and engaging community events, our offerings are diverse and cater to everyone. So don't hesitate, bring your friends and family along, and we look forward to seeing you "in the Rec!"

-Mario Bazile, Director of Jefferson Parish Parks & Recreation

HITTING HARD IN JEFFERSON PARISH

In 2022, Jefferson Parish Parks & Recreation achieved a remarkable milestone with the addition of the Mike Miley Garden. Cherie Dunn, the Golden Age Zone Manager, had envisioned starting a garden club with guidance from Chris Dunaway of LSU Ag Center. In her quest for the perfect location, Cherie stumbled upon the abandoned batting cage at Miley Park. Realizing its potential, she breathed new life into the cage, transforming it into a thriving garden oasis. Today, the batting cage stands as the centerpiece of the Mike Miley Garden, hosting eight raised garden beds teeming with an abundance of flowers, bees, butterflies, frogs, and a close-knit community of friends.

The Golden Gardeners, as the garden club is affectionately known, is a social club catering to adults aged eighteen and above. They convene regularly at the garden on Tuesday mornings and Thursday afternoons. In August 2022, the Golden Gardeners sowed the seeds of their vision, and over time, they witnessed their hard work blossom into a bounty of produce. Among their harvest were delicious cantaloupes, refreshing watermelons, zucchinis, cucumbers, kale, hot peppers, bell peppers, and tomatoes. Weekly the club gets together to tend to the garden beds, nurturing their plants, and fostering a sense of community among the club members. Notably, the vegetables harvested from the garden were both enjoyed by the club members and thoughtfully shared with those in need among the Golden Age clubs.

The Garden Club is not limited to a single season; rather, it is a year-round program aimed at uniting adults with shared interests and fostering social connections. Looking ahead, the Mike Miley Garden has exciting plans to further enhance its charm and utility. Bistro lights now adorn the top of the batting cage, casting a warm and inviting ambiance in the evenings. Moreover, there are ambitious plans for a captivating mural, the introduction of a free little library stocked with gardening books, and the creation of a vibrant wildflower patch.

If you or someone you know is intrigued by the idea of the garden club and wishes to learn more, detailed information can be found on the Jefferson Parish Parks & Recreation website at www.jprd.com. Simply click on "register today" to embark on your journey of discovery and community-building through the Mike Miley Garden.
